CFS & Greater DC Cares Helping Local Corporations Give Back

Springfield, VA— Central Fairfax Services, Inc. (CFS) recently received the assistance of Accenture, as part of their Day of Service organized in collaboration with Greater DC Cares. Fifty volunteers from Accenture repainted CFS on Columbus Day as part of their Day of Service, an initiative that involved more than 1,200 employees company-wide.

Through a unique partnership between CFS and Greater DC Cares, CFS has been able to host three corporate groups, including Accenture, and participate in the 9/11 Day of Service. CFS has hosted over 200 volunteers this year, all of whom have repainted areas of the facility.

“We are very grateful for the partnership we have formed with Greater DC Cares. Their leadership is skilled and compassionate and the corporate volunteers have been enthusiastic to help our organization and learn about the needs and interests of adults with disabilities in our community,” explained Paul Wexler, executive director. “We look forward to many future projects with Greater DC Cares.”

As part of the Accenture Service Day, volunteers repainted restrooms and changing rooms that are used daily by program participants and staff. Previously, CFS hosted volunteers from Cbeyond and AOL, who painted entire departments and the main dining hall.

“This is a fantastic opportunity for CFS,” explained Mary Spampneto, facilities manager. “We have a great need for volunteers, and are extremely grateful to be able to partner and host volunteers through Greater DC Cares.”

About Greater DC Cares

With 21 years of experience, Greater DC Cares is the leading and largest nonprofit coordinator of volunteerism in the region. Greater DC Cares comprehensively mobilizes volunteers and strengthens the capacity of nonprofits to better impact communities and the key issues in the Greater DC Region. Greater DC Cares works with a network of more than 800 nonprofits, 24,000 volunteers and a host of corporate and foundation partners working together to positively impact the region.

About Central Fairfax Services, Inc.

Central Fairfax Services, Inc. (CFS) is a not-for-profit 501(c)(3) organization that provides day habilitation and vocational services to adults with disabilities in Northern Virginia. Since its incorporation in 1972, CFS has successfully provided services to more than 500 individuals with intellectual, developmental and physical disabilities. CFS currently serves more than 200 individuals on a daily basis. CFS is part of the ServiceSource Network, which is comprised of five affiliate organizations. With operations in nine states and the District of Columbia, the collective Network serves more than 11,000 people with disabilities of whom nearly 1,600 are directly employed.
